Copy is our beautiful chocolate boy sired by Roger. He is sweet, smart, and full of personality. Copy is an earnest retriever, with a swift entrance and enduring speed in the water as well. Conformation, bone, coat, tail set, and eye color are excellent; he is a full-bodied and well-muscled Labrador. In addition to outstanding conformation and movement, Copy is a total love. This boy is adorable inside and out!

Copy finished his American Champion title with his 4th major on December 12, 2010 at Eastern Dog Club (Providence, RI) under judge Michael Faulkner! It was a beautiful finish for this spectacular chocolate boy with all his points being majors ...3 of them at Specialties under breeder judges Jean-Louis Blais (Chablais), Manolo Queijeiro (Queijeiro) and Margaret Brown (Ramsayville) !! Copy earned his Canadian Champion title in August 2010, and in April 2010 he won Open Chocolate at the Labrador Retriever Club of the Potomac Specialty; the largest and most prestigious Labrador Specialty in the world!! In 2009 he placed 2nd in this very competitive class! In 2007, Copy's sire (Roger) also went 2nd in Open Chocolate at the Potomac! Copy was handled by Karen Day for 2 Incredible Specialty majors, as well as the Open Chocolate class win at Potomac 2010, and several other spectacular Open Chocolate class wins at Specialties... Thank you Karen !!!

Specialty - September 5, 2008
Open Chocolate Dogs, First Place
(Age: 19 Mos.)

VENETIAN'S COPY THAT - Well-balanced chocolate. I do like a chocolate with a hazel eye and this dog has a lovely eye colour and expressed intelligence. Clean, strong neck sitting on well placed shoulders and leading to a good top-line. Good depth of chest and well developed hind quarters and a super otter tail. Sufficient turn of stifle and well let down hocks. Neat feet. Good on the move.

MORE INFO ABOUT AARON:

"Aaron" was the #1 Labrador Retriever in the USA in 1997, '98, '99, the only Labrador to ever do this 3 times to date!!! Multiple Group winner and multiple Specialty BOB winner.

Aaron beat the breed record on breed points. Also he won many Best of Breeds at Labrador Retriever Specialties and many times won breed from the veterans class! He won tons of Stud dog classes etc. If you want temperament this is the dog! Of all the dogs I have owned in my life he had the best! If every lab in the world had his temperament their would be no other breed of dogs around!

"Aaron"

Belquest Labradors

Aaron's career skyrocketed, as evidenced by the prefix to his registered name: American, Bermudian, Puerto Rican, and 1997 World Champion Tabatha's Rollick at Carowby. As his name proclaims, Aaron was America's top winning Labrador retriever for 1997, 1998 and 1999, having accumulated the most points in American Kennel Club (AKC) competitions. In fact, Aaron made history by achieving more AKC points than any other Labrador retriever in history. He was also a World Champion, having won the world title in June, 1997, in Puerto Rico. To-date, Aaron has racked up hundreds of Best of Breed and Specialty wins, and numerous Group wins and placings. He was consistently the breeders choice, meaning judges who are also breeders of Labrador retrievers recognize Aaron for his excellent quality in conformation and temperament - the kind of dog they would like to produce themselves.
